

This is a list of individuals who hold a soccer coaching license. It is far from complete and still growing, but we want to use this National Coaches Day to celebrate licensed coaches who have battled gender stereotypes to get where they are today. Our goal is to ensure everyone who has earned a coaching license is recognized and considered for coaching positions as soccer continues to grow in our country. More folks with underrepresented gender identities deserve to hold leadership roles in soccer, and we want all hiring parties to have tools like this list at their disposal.

**Got a coaching license? Add your name to this working file here.**

*This list is meant for informational purposes only. Clubs, leagues, teams and other entities are responsible for verifying credentials of coaches upon hire. All entities must ensure compliance with all applicable state local and federal laws when hiring coaches. Clubs, leagues and teams should educate themselves of the suggestions and requirements of their local soccer organizations as well as U.S. Soccer. Also check out the Safesport’s Centralized Disciplinary Database for a public list of individuals currently subject to Safesport discipline, suspension or ban. Women in Soccer (WIS) is not responsible for any error or inaccuracy in the above list.*
